

## Customizable Design

We create your payment page the way you want it, with your practice's logo and the fields you want included

# Hosted Payment Page

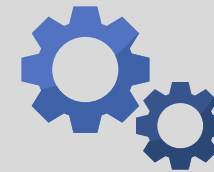

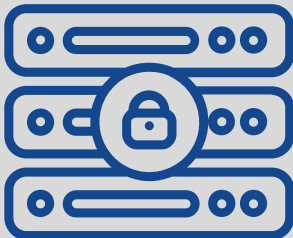

A Hosted Payment Page offers your patients the easiest and most accessible way to make a secure payment to your practice.

## Tokenization

Cardholder data is replaced with tokens so the card number is never stored or susceptible to risk

## Reduced PCI Scope

Spend less time worrying about PCI compliance with solutions that keep your data secure
